The Rotary Club of Pass Christian Police Station Project is raising \$500,000 to equip the new Pass Christian Police Station with state of the art communication equipment, holding cells, advanced computers, photographic equipment, radar equipment, equipment and supplies for a complete, new, forensic laboratory, exercise equipment, a kitchen and office furniture for a building twice as large as that which was destroyed.

FEMA will replace only one for one material in the old, smaller station house. The Rotary Club has taken on the challenge of providing additional contents for a new, larger and far more completely equipped Police Station.

Our plan is to seek a modest amount of assistance from State Police, Sheriff Departments and Urban/Rural Police Departments across the United States. Our Police Chief Dubuisson and his small force worked diligently during and after Katrina providing security, stability and peace of mind for our village. They always were **THERE**. Our Police Department needs **your support!**

Help our Rotary help them.
